Subject: Partnership between District Konstanz and Region of Istria

Dear Mr. Hämmerle,

Thank you for your kind email and Intent Letter of Mutual Cooperation Draft.

We have reviewed it, and generally we agree with it in its entirety. There are no further suggestions or comments, therefore it will be ready to sign as soon as we address technical formalities, i.e. the draft has to be referred to the Assembly for final decision. We will be able to proceed with the signing once approval is given by the Assembly.

Based on the information we have at this moment, next session of the Assembly should be scheduled for sometime around December 15th 2014, and consequently we will be able to proceed immediately after consent.

We are very much looking forward to developing our cooperation.

With kind regards,

Valter Flego
President of the Region of Istria
